

FLO- **DYNAMICS**[®]

ProMax40[™]

New sensing technology provides the best in accuracy, reliability & performance.

Automatic Transmission Fluid X-Changer with Cooler Flush Feature

- Fully automatic operation allows easy revenue and profit without additional time investment.
- Large 46 qt. Capacity
- New 2.5 gallon per minute pump ensures rapid exchanges.
- Performs 16, 20, 28 & 40 qt. Exchanges
- Cooler Flush Option
- Superior filtration for longer machine life and less downtime.
- Portable, fully interactive. Works with vehicle's 12-volt battery for easy fluid exchanges.
- Integrated Battery Tester
- Adapter Management Rack
- Includes Both Standard and Allison Adapter Sets

Many **Advanced** Features Make the *ProMax40*TM Fluid X-changer a **Profitable** Investment.

STATE-OF-THE-ART DESIGN

- Accurate sensor technology allows optimum fluid level to be maintained in vehicle's transmission.
- Two in-line 10-micron absolute fluid filters capture microscopic particles and contaminants.
- Easy to use adapters allow quick hookup to virtually any automobile make and model, saving time and money.
- Clear service hoses give visual confirmation of new and used fluid movements.
- Durable roto-cast polyethylene body and tanks prevent vehicle damage. The unit is also lightweight and durable, for easier handling and longer life.
- Large 5-inch locking caster wheels make machine easy to maneuver.

PERFORMANCE-DRIVEN BENEFITS

- Fully automatic. Performs an entire exchange with the push of a button.
- 2.5 gallon per minute pump ensures rapid exchanges.

AUTOMATIC TRANSMISSION FLUID EXCHANGE BENEFITS

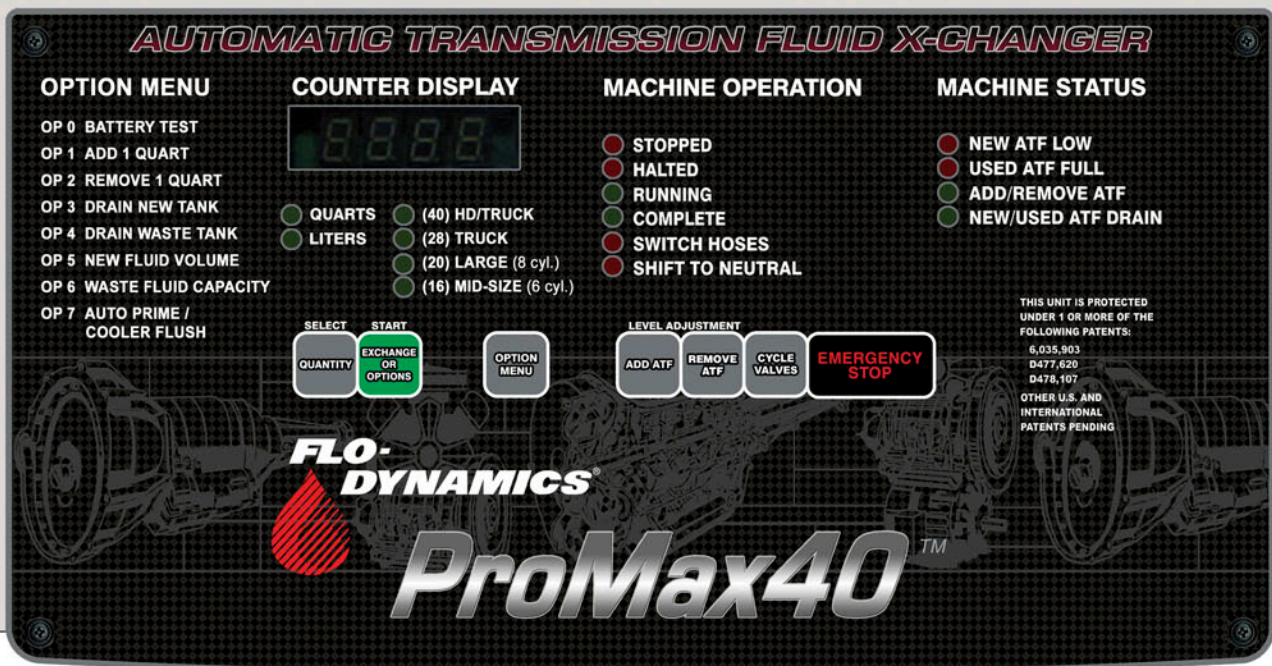

- Completes fluid exchange in minutes.
- Remove fluid feature allows easier & cleaner removal of pan for filter change when necessary.
- Waste fluid is drained at the touch of a button.
- Four capacity selections (16, 20, 28 and 40 qt.) allow for specified amounts of automatic transmission fluid to be pumped through the transmission, for more cost-effective servicing.

The ProMax40 fluid X-changer replaces virtually 100% of the transmission fluid.

Specifications:

- Dimensions: 39"H x 24 3/4"W x 25"D
- Shipping Weight: 95 lbs.
- Fluid Tanks: 46 qt. New & Waste
- Power: 12V DC from vehicle's battery
